ARE SHORT OF FOOD AND AMMUNITION

John Barrett Questions the Truth of All the Shanghai News, and Says That Prince Tuan Would Not, in His Opinion, Allow Murders to be Committed—Therefore He Figures That All Envoys Are Safe—Boxers Attack the Allied Forces and Are Repulsed With Heavy Loss—War News.

Washington, July 9.—[Special Telegram]—The Chinese minister, Wu, called upon Secretary Hay this morning to communicate the following from Sheng, South China:

"July 8.—Two legations at Peking are still preserved. All the ministers are safe. The rebellious troops and rioters make attacks and suffer many losses. The imperial government is protecting life, but meets with difficulty in doing so. It is feared that food and ammunition is exhausted."

Minister Barrett Talks.

Washington, July 9.—[Special Telegram]—John Barrett, the former United States minister to Siam, is in the city to consult with Secretary Hay. He said he was hopeful that the foreign envoys had escaped the fury of the mobs at Peking. "Despite his bitterness against the foreigners, Prince Tuan is an enlightened man," says Mr. Barrett, "and while he might permit the siege of legations, I believe he is too wise to allow the minister's families to be murdered."

Mr. Barrett also doubts the accuracy of all the Shanghai news.

Boxers Are Beaten

Tien Tsin, July 9.—[Special Cablegram]—The Chinese attacked the for-

sign troops at 4 o'clock Sunday morning with twelve guns. The allied forces replied using the guns of the British cruiser Terrible. Afterward, a force of one thousand foreign troops marched to attack the Chinese under cover of the naval field artillery and by one o'clock p. m. the Chinese were compelled to retire. Their fire was accurate.

Safe On July 4.

London, July 9.—[Special Cablegram]—The consuls at Shanghai report that the Peking legations were safe on July 4, and that the Chinese had ceased their attack. The only fear felt at that time, according to the reports of the consuls, was regarding the food supplies.

Japan Sends Troops.

London, July 9.—[Special Telegram]—In the House of Commons, Under Secretary Broderick said today that Japan was prepared to send reinforcements to China which would bring the total force there up to twenty thousand men.

Reports of Their Death Are Not Substantiated and There is Nothing to Be Discouraged Over—Names of Workers From Wisconsin Include Rock County Folk.

Milwaukee, July 9.—The Sentinel says there is good reason to believe that every Wisconsin missionary in China is safe, with the possible exceptions of Dr. and Mrs. Chauncey D. Goodrich, and their friends have by no means given up hope. The most discouraging reports yet received regarding them were that the two were in Peking with the legations of England and the United States, and the latest reports are that the legation buildings were still standing less than a week ago.

The announcement of the safety of the Wisconsin people will be a great relief for it had been generally feared for a time that some had been victims of the Chinese mobs.

THE TRIAL OF THE GOEBEL CASE BEGUN AT GEORGETOWN TODAY

Authorities Search All the Spectators and Take Away Their Weapons—Defendant Youtsey the First One Called—Now Getting a Jury.

Georgetown, Ky., July 9.—[Special Telegram]—The trial of men accused of Gov. Goebel's assassination was brought here on a change of venue from Frankfort and filled the town with people this morning. Two deputies stood at the head of the main staircase, and searched every one who entered for concealed weapons. Judge Cantrell presides. The case of Henry Youtsey was the first set for trial and the impaneling of the jury began at once.

Georgetown, Ky., July 9.—When the trials of those charged with being acces-

sories to the assassination of Governor Goebel came up at the special term of the Scott county circuit court at 9 o'clock this morning, difficulty was experienced in impaneling a jury on account of the full discussion that has been given the case throughout this section. It is not improbable that the defense will endeavor to secure a postponement, in the hope of a republican victory in November, under the belief that the pardons issued by Taylor will be recognized. Attorneys for the prosecution announce that they are anxious to enter upon trial.

HARMONY THE WORD WITH REPUBLICANS

NO GUBERNATORIAL CONTEST IN SIGHT THIS YEAR.

Everything is One Way, But Some of the People Insist That All the Mysteries Are Not Yet Cleared Up—A Milwaukee Correspondent's Views.

Special Dispatch to the Chicago Inter Ocean. Milwaukee, Wis., July 8.—Senator John C. Spooner's announcement, over his own signature, that he would not be a candidate for reelection in 1903, accounts, apparently, for the senator's unwillingness to participate in the pre-convention gubernatorial contest in this state; and perhaps it also furnishes a good reason for the indifference shown at this time by Henry C. Payne, but only time will tell. Opinions widely differ. To those who are "sore" the announcement furnishes explanation for nearly everything. Mr. Payne has always, the past ten or twelve years, some of them say, been anxious to go to the senate, and there are a few politicians in Wisconsin who insist that the deadlock was kept up at Madison a year and a half ago by friends of Payne, who hoped that when the break came the Milwaukeean would be chosen instead of

for Payne? Is it surprising that some of them should suggest a combination between Payne and La Follette, possibly with Spooner's seat in the senate as the possible hope for Payne? But Mr. Payne's close friends are not just now listening to hints at treachery; they believe if he has compromised at all with La Follette—if any direct understanding was reached—that it was all for the good of the party, and that it was to reunite the factions that Payne stood back and witnessed the embarrassment of his lifelong political associates. These latter, in essaying to furnish an explanation, believe that President McKinley, who is a personal friend of La Follette, both being in Congress together, advised Mr. Payne to come back home and accept the La Follette harmony proposition, which showed evidence of sincerity on the part of La Follette during the few weeks that the preliminary work was being done.

The men who take this view argue that Mr. Payne accepted in good faith the representations of La Follette, that the movement of the Madisonian was in no sense revolutionary, and did not mean an administration of Pingree tactics, consisting of special war on corporations to satisfy the populace, who, two years ago, showed signs of strength in this state. Why is it not reasonable to suppose that Mr. Payne, a recognized leader of the republican party in the nation, has been willing himself to make a sacrifice for harmony? Supposing he has made a bargain with La Follette which defeats the aspirations of three or four would-be governors and a horde of followers, many of whom are looking for office, will it not be gain enough if Wisconsin maintains its place in the republican column with 102,000 majority? And who more than Payne or Pfister has reason to fear a governor of the Pingree sort? If they are satisfied that La Follette is not this kind of a man, who should object? No one else has greater reason to fear him.

So far as heard from the only objection to La Follette the past six years has been that in his speeches and in his personal newspaper organ he has given voice to things that were two radical in the line of "reform" to satisfy the conservative men of the republican party, and which were even too strong for the old-fashioned democrat. But La Follette is not the only man who has promised to reform things in Wisconsin. Scfield has been enlarged in the work, and so has Mr. Whitehead, who, as representative from Cook county, fathered five reform bills in the legislature. However, in his talks at the county fairs in other campaigns Mr. La Follette alarmed the stalwarts, who believed he would, if governor, revolutionize the state government and go farther than he ought.

Interviews with leading men would now seem to indicate that La Follette's strength does not lie in his talks on "reform" subjects, but in his congressional record, which every one, whether for him or against him, must admit was brilliant, for, as the colleague of McKinley, he made one of the most famous tariff speeches ever delivered in congress. Leading republicans—stalwarts—have suddenly appeared and say they believe Mr. La Follette is just the kind of a reformer that is needed—a man who has a stronger sense of justice to rich and poor alike than he has been credited with, and when he takes the gubernatorial chair they believe he will carry out the promises of his party just as they have been carried out by Edward Scofield. They say no corporation or individual will be treated unjustly, else Robert M. La Follette will be a great disappointment to them; and if he is fair and just what more can be asked? The people will have a chance to test him, for he will certainly be nominated and elected.

There is just one bit of gossip that some of the men who recently took pride in calling themselves stalwarts are trying to tie their hopes to, but it is like a straw in the water to a drowning man. One of them said today that Senator Spooner's letter might awaken the anti-La Follette people sufficiently to induce him to resign his seat in the senate immediately and jump into the gubernatorial race against La Follette; but Mr. Spooner is not a politician, certainly not one of the fighting or squabbling kind, and these friends forget that he gives personal family reasons for his determination to retire from the senate at the end of his term.

If the La Follette men are in earnest in this harmony business they will pass a resolution at the convention next month where they will be in control demanding that Mr. Spooner reconsider his determination to retire from the senate. In this way they could prove, as Ellis Usher says, that La Follette's success does not mean that a political guillotine is to be erected by him, and to give the assurance that a La Follette administration does not mean political ostracism for everybody in the party who has not followed his political fortunes. Unless the La Follette men do something of this kind to show that Spooner was not marked for slaughter in the original plans, there will be a strong suspicion, hard to remove, that Mr. Spooner did not give all the reasons he had for deciding to retire to private life.

BADGER POPULISTS QUIT DEMOCRACY

Will Not Pull Any More Chestnuts From the Fire But Go It Alone.

Milwaukee, July 9.—The Wisconsin Populists do not propose to rake any more chestnuts from the fire to the aid and profit of the democratic party. At a mass meeting of the party here it was decided that a full state, county and congressional ticket shall be put in the field this fall. Two and four years ago the populists fused with the democrats. At the meeting "Bob" Schilling, Henry Smith, Samuel Isaac, and other of the leaders declared no faith could be placed in the democratic leaders in this state. They especially denounced Mayor Rose for declaring, at the Kansas City convention that "standing up and dying for principle is all rot." All of the speakers declared that men who showed such a lack of principle in politics could not be relied upon.

The entire Wisconsin delegation was denounced for allowing the Mayor's statement of the position of Wisconsin democrats to go unrebuked. By a unanimous vote it was decided not to fuse with the democrats on any proposition in the campaign this year.

How Editor Libby Spent the Fourth
Evansville Newspaper Man Tells His Readers About the Best Way to Mark It.

Editor Libby, of the Evansville Enterprise, writes in an original and entertaining vein. In the last issue of his paper he says:

"As many have inquired where we spent the 4th we will say principally in our office where we were called before breakfast to execute some pension vouchers for those who wished to take early trains, and so constant were we kept at this business that it was nearly 10 o'clock before an opportunity came for us to get our first meal of the day for pensioners get their money none too often and can get it none too soon when due, but we did not mind this for many much worse things happen in the life of the country editor. When we were young nothing was of more moment to us than the celebration of the Fourth of July, usually from the very commencement at 12 o'clock at night until it passed from six to twelve hours, but we feel different now, not but what we feel just as patriotic but have more respect for our own comfort and best welfare. We love to hear the patriotic speeches, singing, etc., but our home comforts and shade are preferable, especially in a very warm day as the 4th is most liable to be and we do not feel nearly as much worn at night and the next day, and feel that it is just as well for us as though we had attended a rousing big celebration, which lost all of its charms early in the day when the heat and fatigue attracted our attention more than all the display and fun as many term it, but this is all on account of our age. In living this one life many of us learn how to live the best and ought to be able to improve another could we live it, but I don't know that I regret any of the enjoyments of my youth and would advise all to get as much innocent, untrifling pleasure at this time as possible, but be careful not to consume such strength at this time as to injure you in the future or you may need them as so many so frequently do and suffer many long years in payment, for such amusements comes far too dear."

FAILURES RISE TO \$100,570,134

Commercial Agencies Report on Business for First Half of 1900.

New York, July 9.—R. G. Dun & Co.'s weekly review of trade says: "Failures in the first half of 1900 were \$382, with liabilities \$100,570,134. There were thirty failures of banks and financial corporations for \$25,222,682, leaving 5,332 commercial failures, with liabilities of \$74,747,457. The Fall River committee has decided to close their cotton mills for a time, and some of the largest woolen works have been closed or much reduced in force. There is more cotton than the world will want, in all probability, if the crop matures fairly, and the shrinkage of demand for goods here and abroad helps, especially the uncertainty as to Chinese demand. The crop year for grain is over, and the outward movement of wheat has not been stopped, although somewhat diminished by the vagaries in prices. While exact figures for the year will not be known for some days to come, they differ very little from 400,000,000 bushels of wheat and corn together, which was almost exactly the quantity exported last year."

Bradstreet's says: "Business is usually dull at this season, and this year no exception to the general rule is remarked. A review of the last six months, however, gives little comfort to pessimists. Bank clearings, it is true, are smaller by about 11 per cent than they were in the first half of 1899; but railway earnings are about 10 per cent larger, and business failures, as reported to Bradstreet's are the fewest reported for eighteen years back. Winter wheat has about all been harvested in the southwest, and the yield there has been very large. Wheat, including flour, shipments for the week, aggregate 3,018,832 bushels, against 3,184,144 bushels last week and 3,758,972 bushels in the corresponding week of 1899."

TROOPS PREPARE TO LEAVE.

Regiments in Cuba Making Ready for Their Embarkation.

Havana, July 9.—Military Governor Wood has issued orders to the departments to have the 2d, 5th and 8th Infantry regiments ready for embarkation as soon as transports shall arrive. The 8th is practically ready now, as it has not been scattered, while the 2d and 5th have been divided among various districts. Three companies of the 10th regiment will proceed to Morro castle at Santiago to relieve the 5th, while troops of the 8th cavalry will relieve the companies of the 5th stationed at Guantanamo and Sagua de Tanamo. Baracoa will be relinquished as a military post. A company of the 10th will relieve the 2d at Trinidad. The members of the 8th regiment are delighted with the prospect of soon seeing home, though many officers hope that they will be rushed right to China. Indeed, the latest cables have aroused the feelings of Americans here particularly in army circles, and a general desire is expressed among the officers to be allowed to go to the far east if further operations are undertaken there by the United States.

La Lucha, in its English edition, publishes an editorial expressing sympathy with the Chinese. The article says: "Had China been revengeful she would have passed an exclusion law against foreigners similar to that adopted by the United States against the Chinese."

Dance with War Paint On.

Billings, Mont., July 9.—For two or three days past Crow Indians to the number of 2,000 have been dancing at Pryor gap. They prepared a large covered bower, where they congregated for the dance. Nearly 100 white people went out on the Fourth to witness the dancing. The Indians were painted and dressed as in their former war times. The Pryor Indians gave away nearly \$6,000 worth of horses, wagons, blankets and everything imaginable to their brother redskins from the Big Horn and Little Horn rivers. The dance will probably continue for several days, or until the Indian police go there and order them to desist.

Girl Takes Poison After Row.

Battle Creek, Mich., July 9.—Ella Saunders, a member of a well-to-do Owosso family, has committed suicide here. Her lover, Frank Macomber, wanted her to go to an adjacent lake on a pleasure trip. She declined. He went away angry and she took poison, dying in a local hospital. She was 23 years old.

Alaska Boat Brings In Gold.

Vancouver, B. C., July 9.—The steamer Amur arrived from Skagway, bringing \$250,000 in gold dust and 140 passengers. Of these thirty were returning miners who had sacks of from \$3,000 to \$10,000 each, while several Vancouver merchants brought large returns from their northern branch stores.

Must Put Away Eyeglasses.

Kankakee, Ill., July 9.—Forty female attendants of the Eastern Illinois insane hospital were notified by Superintendent Corbus that unless they could dispense with eyeglasses while on duty in the wards he would dispense with their services. It was feared they might be blinded or otherwise injured during struggles with violent patients.

Killed at a Grade Crossing.

St. Louis, Mo., July 9.—George Schoening and William Grab were killed and Fred Frige was probably fatally injured at Columbia, Ill., near here Saturday. The three men were in a buggy that was demolished by a train at Baltimore & Ohio Southwestern railway crossing.

American Rails in Japan.

An exporter calls attention to the rapid growth of our business with Japan in rails and machinery during the past four years as an indication of what may be accomplished in that quarter in the future under proper encouragement, says the New York Commercial. Four years ago American rails were unknown in Japan, but at the present time more than double in quantity the rails which come from England, which up to 1896 constituted the chief source of supply.

Returning the Favors.

There was a time once when mother's folks used to send provisions to the starving ones in Oklahoma. In this year of our Lord, according to the Kansas City Journal, Oklahomans are preparing a corn train to ship to the famine sufferers of India.

Wales' Luggage.

The prince of Wales is remarkable among royal personages for the enormous amount of luggage which he takes with him on his journeys. He makes a point of never appearing twice in the same coat when visiting, and his wardrobe is most extensive. He takes with him huge boxes of hats and large trunks filled with coats, dress suits, and every kind of clothes.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels.

Cures croup, sore throat, pulmonary troubles—Monarch over pain of every sort. Dr. Thomas' Electric Oil.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

A blessing alike to young and old; Dr. Fowler's Extract of Wild Strawberry; nature's specific for dysentery, diarrhoea and summer complaint.

Lightning Hits Steamships.

New York, July 7.—Two ocean liners were struck by lightning. One bolt shattered the mizzen topmast of the White Star liner Oceanic, which was lying at pier No. 48, North river. Several scorched splinters which fell on deck were preserved by the crew as souvenirs. Several of the men who were aft at the time felt the shock. The Quebec line steamship Trinidad, which was moored at an adjoining pier, was struck at the same time, the bolt knocking off a small brass ball which ornamented the top of her foremast.

Kick by Horse Proves Fatal. Wabash, Ind., July 9.—Oliver Mills was kicked in the head by a horse and was fatally injured. His skull was fractured and two deep gashes were cut over the right eye.

Hot Weather Kills 33. Chicago, July 9.—The total casualty list in Chicago for the six days of intense hot weather is as follows: Deaths, 52; prostrations, 95.

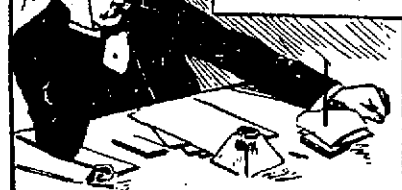

Night Work.

Extra strain needs extra strength. When a man begins to add to his hours of labor, and subtract from his hours of rest, he is putting an extra strain on brain and body. In such cases many men make the serious mistake of using stimulating liquors, or alcoholic medicines. These can only injure. The spur forces on the horse, but does not strengthen him. Stimulants are only spurs. The need of the body is strength. Dr. Pierce's Golden Medical Discovery is invaluable to overworked men and women. It strengthens the stomach, increases the blood supply, nourishes the nerves, and gives vital power to brain and body.

There is no alcohol in "Golden Medical Discovery." It contains no opium, cocaine or other narcotic. It is strictly a temperance medicine.

Mr. Edward Jacobs, of Marengo, Crawford Co., Mo., writes: "After three years of suffering with liver trouble and malaria, I gave up all hopes of ever getting stout again, and the last chance was to try your medicine. I had tried all the home doctors and received but little relief. After taking three bottles of Dr. Pierce's Golden Medical Discovery and one of his 'Pleasant Pellets' I am stout and hearty. It is due entirely to your wonderful medicines."

The tropical portion of Mexico is the point to which men of brains and money are now directing their capital and ability. Anyone by a small monthly payment of \$2.50 or more can secure an annual life income and something to leave as a legacy to those dependent upon them for support.

The Isthmus Plantation Association of Mexico have their proposition before the public, and no better offer was ever made to those who wish to invest their savings where it is properly secured. To secure the investors beyond any doubt, the officers of the association have placed all in the hands of the Chicago Title and Trust Company, who is trustee for the investor; no chance for loss. An investment with this company is as safe as government bonds, and pays much larger dividends. PRAISE SENATOR SPOONER

Senator Spooner's announcement that he would not seek a re-election has been the subject of much comment in the newspapers, and all speak of him in the highest terms. The following editorial, taken from The Chicago Times-Herald, is a sample:

The message of Senator Spooner to the republicans of Wisconsin announcing his purpose to retire from the senate at the expiration of his present term will occasion sincere regret among his colleagues and friends, not only because of the loss which the public service sustains but because of the particular reason which has impelled him to withdraw from public life.

"Distressed by the serious illness of his wife, Senator Spooner decided some months ago that private duty must outweigh all party obligation, and although repeatedly assured of the unwavering support of his party for re-election, he announced to his colleagues in the senate and to intimate friends his purpose to retire. He now makes public announcement of his purpose in advance of the election of new members of the state legislature this fall, so that the party may have ample time to carefully consider the question of succession. His letter also removes all obstacles in the way of an announcement of their candidacy on the part of senatorial aspirants in the state.

"The people of Wisconsin, irrespective of party, can survey the public career of Senator Spooner with much pride and satisfaction. He has honored the state and the party in every relation of public and private life. Being a lawyer of wide attainment and of rare natural gifts as a debater he easily took front rank as a legislator in the upper house soon after his first election to that body in 1885. No man ever brought to the responsible duties of a United States senator a wider or more generous equipment for the work. He believed in the honorable repute and dignity of the position, and his public acts were always in consonance with that idea of the public service.

"That he stood very high in the affections and confidence of his party was strongly evidenced by his unanimous nomination by the party caucus to succeed Senator Vilas in 1897, and he again entered the public service after an interval of six years. In the recent session of the Fifty-sixth Congress his ability as a public legislator was impressed upon the country with marked effect by his masterly advocacy of what was known as the Spooner bill for the government of the Philippines.

"In his retirement the nation will lose a valued legislator and Wisconsin a representative of unusual industry and ability."

Senator Stebbins says he has no in-

tention of withdrawing, but will stick to the gubernatorial fight to the finish.

The news from China is certainly a yard wide, but decided woolly and unwashable.

SENATOR WHITEHEAD.

Fond du Lac. Through the columns of The Janesville Gazette Thursday Senator J. M. Whitehead made the following brief announcement: "I am no longer a gubernatorial candidate."

For some days, or ever since the withdrawal of Mr. Bradford, it had been freely predicted that this announcement was forthcoming, and now that it has been made the chances for a gubernatorial contest in the republican state convention to be held at Milwaukee August 8, have melted away. With Senator Whitehead out of the race the First district will turn to La Follette as has other sections of the state, and the indications point to the nomination of the Madison man, by acclamation.

While with a large field of representative candidates it was natural for the people of the several portions of the state to express their individual preferences, there were none who doubted the ability of ex-Congressman La Follette to give an administration that would alike be an honor to himself and a credit to his party. He is a gallant leader, and if nominated, as it now seems certain he will be, he may rest assured of the united and enthusiastic support of the party.

Fond du Lac.

Fond du Lac Reporter, Dem.—By the retirement of State Senator John M. Whitehead as a candidate for the nomination for governor on the republican ticket, an announcement of which is made today, the field is now practically clear for La Follette.

Stoughton.

Stoughton Courier—Whitehead too, withdraws from the contest. "Bully for Whitehead."

Milwaukee.

Milwaukee Journal—The succession of withdrawals—Bradford, Jones, Whitehead and Spooner—are more responsible for the "prostrations" among the old-line republican politicians of Wisconsin than is the hot spell.

LaCrosse.

LaCrosse Republican and Leader—The withdrawal of State Senator Whitehead from the gubernatorial race, which was announced last night, removes the last bar to Mr. LaFollette's nomination. If precedents are adhered to and the present state officers are re-nominated, the Milwaukee convention will be little more than a form.

Watertown.

Watertown Daily Times, Ind.—Senator Whitehead of Janesville has withdrawn from the gubernatorial race and the field is now clear for LaFollette.

Baraboo.

Baraboo Republic—The expected has happened. State Senator J. M. Whitehead of Rock county says he is no longer a candidate for the republican gubernatorial nomination. Like Mr. Bradford he did not receive the support he expected. This practically leaves the gubernatorial nomination free to Hon. R. M. LaFollette and there is but little doubt of his nomination by acclamation.

F. F. LOOMIS DEAD AT MENDOTA, WIS.

WELL KNOWN JANESVILLE
MAN ANSWERS FINAL CALL.

Remains Will be Taken to Jonesville, Michigan, for Interment Beside His Mother and Father—Funeral of Rush Beardsley—Other Mortuary Mention.

Frank G. Loomis, formerly of this city, died at Mendota this morning. The remains will be taken to Jonesville, Michigan for interment, at which city Mrs. Loomis has been making her home for some months past. Mr. Loomis' parents are buried at Jonesville, and the interment will be made beside them.

Frances Gillette Loomis was born at Bloomfield, Conn., forty-eight years ago. He received his early education at Hartford, and afterward attended college at Suffield. In 1882 he located in Chicago. He was married to Miss Alice Adelia Wilson, of Rowayton, Conn., in 1883. While in Chicago he worked with wholesale grocery firms as freight manager and traveling salesman, and was also engaged in the commission business on South Water street. In the fall of 1890 he took the position of traveling salesman for Sprague, Warner & Co., wholesale grocers of Chicago, and in 1891 moved to Janesville to live, this city being the center of his route. He held this position until his health broke down about a year ago.

Mr. Loomis was a man of excellent qualities. He was a tireless worker and a faithful, conscientious, honest man. Held in the highest esteem by all he was universally popular, and his death will be the cause of much sorrow.

Undertaker Frank D. Kimball went to Mendota today and the remains will be taken direct to Jonesville, probably tonight.

Minerva J. Church

Minerva J. Church was born in Orleans county, New York, May 1, 1839, and died in Milton Junction July 3, 1900. In 1846 her parents, Silas and Nancy Church, moved west settling in the town of Johnston, and upon this homestead practically her whole life was spent. About five years ago she and her brother, Fred Church, and their mother moved to Milton Junction where they have since resided.

Miss Church was a woman of rare qualities, kind of heart, a loving and devoted daughter and sister and an excellent neighbor. For many years she has presided over the household, ministering to the aged mother and the brother and her taking away has left a great sorrow in the home, and will be greatly missed by those who have known her as a friend and a neighbor. For two years her health has not been good, and at times her condition had been serious. Medical aid, however, had seemed to relieve her, and for several weeks with the exception of the last few days before her death, she has appeared much improved. The change for the worst came on Saturday preceding her death, and her vitality rapidly gave way until the end.

Besides her mother, the deceased leaves three brothers: Fred with whom she and her mother lived; George, who lived in the town of Elm; and Orville, who resides in Janesville. Her father died in 1891.

The funeral was held at the home on Thursday afternoon, July 5, conducted by Rev. Mr. Varney of Monroe, and was largely attended. The interment was in the Milton cemetery, the services at the grave being in charge of the Eastern Star, of which order Miss Church was a member.

Mrs. Mary Kober.

After a lingering illness of seven weeks with muscular rheumatism of the heart, Mrs. Mary Kober of this city, died at the home of her daughter, Mrs. A. G. Wilkinson, 127 Terrace street, yesterday morning at 11 o'clock. Mrs. Kober was fifty-four years of age, and had resided in this city for the last five years, having moved here from Mineral Point. Her kind disposition and gentle manners had won her many friends who will be pained to hear of her death. She leaves to mourn her loss one daughter, Mrs. A. G. Wilkinson, and two sons, James M. and William C. Kober. The interment will be in Grace land cemetery, Mineral Point; the body will be taken to that place tomorrow morning at 9:30 o'clock, services being held at the home of her daughter at 8 o'clock, the Rev. J. T. Henderson officiating.

Funeral of Mrs. Payne

The funeral services of the late Mrs. Julia Payne took place from the residence of her daughter, Mrs. Marion P. Leavitt, 208 North Jackson street, yesterday afternoon at 4 o'clock. The Rev. A. C. Kempton of the Baptist church, of which Mrs. Payne was a life member, officiated. A large circle of friends at the deceased gathered at the house to pay their last respects to the departed, and followed to the grave. The floral offerings were many and beautiful. The pall bearers were: S. B. Smith, J. L. Ford, A. F. Hall and Judge B. F. Dunwiddie. The interment was at Oak Hill cemetery.

George L. Cone

George Lester Cone died at the home of his father, Theodore Henry Cone, south of the Blind asylum, Sunday morning at 9:20 o'clock. Mr. Cone was born in Milwaukee, Wis., December 17th, 1843 and was fifty-six years of age at the time of his death. He has been a resident of this section for a number of years and had a large circle of acquaintances. Funeral arrangements will be given later.

Funeral of Rush Beardsley

The funeral of Rush Beardsley was held from the family home in the town of Johnston yesterday afternoon at

2:30 o'clock. The services were conducted by the Rev. S. G. Huey, pastor of the Rock Prairie Presbyterian church, and the interment was made in the Johnston cemetery. The funeral was largely attended, thus showing the popular esteem in which Mr. Beardsley was held.

Joseph H. Page

Joseph H. Page, an old and well known resident of Dane county, died at his home near Afton, Wis., yesterday morning at 6:30 o'clock. Mr. Page resided in Dane county for many years going from there to Afton about three years ago. He had a large circle of friends and acquaintances who will be sorry to hear of his death. He leaves, besides a widow, six sons, Charles, James, Joseph, Alfred, E. S. and Arthur C. Page to mourn his loss.

The funeral was held from the family home near Afton, this morning at 10 o'clock. The remains were taken overland to Edgerton for interment. Rev. W. H. Eldredge conducted the services. The six sons of the deceased were the pall bearers.

THE YACHT IDLEWILE TORN BY A STUMP

BIG HOLE BROKEN IN THE
BOAT BY A SNAG.

The Shore Was Reached Before the Craft Filled. But After the Passengers Had Disembarked the Boat Went Down in Ten Feet of Water.

That Rock river is not too small a stream to furnish a first class ship wreck can be proved by asking any of the party that took passage on the Idlewile on a trip to this city Saturday night.

When coming down the river about 8 o'clock with a load of ladies and children a sunken stump was struck opposite the "Pratt flats."

The boat was going at a good rate of speed and before it could be stopped a hole was torn in the bottom four inches wide and five feet long.

Hiram Murdoch, who was in charge of the boat immediately reversed the engine and by rocking the boat from side to side succeeded in getting it free from the snag. The water was rushing into the bottom and not wishing to take any chances the boat was headed toward the shore. The bank was but a few feet distant and was reached before the water had filled the boat. Hence all on board landed in safety.

After the party landed, however, the boat filled rapidly, and sank in about ten feet of water. Yesterday morning when the owners went up to see about getting it out on the shore, the bow was all that was visible above water, except a portion of the awning.

The ladies and children were much frightened and excited when the boat struck the stump, but calmed down when it was discovered there was no immediate danger.

It was extremely fortunate for all on board that the accident resulted no more seriously. Had it not been close to shore so that the boat could be beached before sinking, it might have been one of the most serious accidents in the history of boating on Rock river.

Those on board at the time of the accident were: Mr. and Mrs. H. D. Murdoch; Mrs. C. J. Myhr, Mrs. E. D. Roberts, Mrs. Giddings of Racine, and five children belonging to the different ladies. All are thankful that they escaped without injury, and are not anxious to repeat the experience.

TOBACCO MEN FORM

AN ASSOCIATION

Object is the General Betterment of the Business, and Eighteen Deal.

ere Are Members:

The Janesville leaf tobacco dealers have lately formed an association under the name of the "Janesville Leaf Tobacco Merchants' Association." It includes all the prominent dealers in the city. The officers of the society are:

President—L. B. Carle.

Vice President—Sanford Soverhill.

Secretary and Treasurer—E. M. Calkins.

The local association, which is a branch of the national, will fill a long felt want in this section. Its object is to inculcate just and equitable principles in tobacco trade, to protect it from unjust and unlawful exactions, to foster and maintain closer and more friendly relations among its members, to adjust and settle differences, controversies and misunderstandings between its members and between them and other parties, and of taking cognizance of and action on all matters of general interest to the leaf tobacco trade of Wisconsin.

The association also has numerous other objects in view outside of those mentioned. Great injustice is often done Wisconsin tobacco by dealers in other sections by sorting out poor grades grown in other states and calling it Wisconsin. This keeps the market price down, and the genuine Wisconsin leaf which they buy at a low price is re-handled and sold at fancy prices under the name of Connecticut, thus depriving the home grower of the reputation for raising good leaf which justly belongs to him. To put a stop to this dishonest dealing is one of the association's main objects.

The farmers also will be benefitted by this association as it will keep them posted on the kind of tobacco wanted in the general markets, the best kind of seed to buy and where it may be obtained, the best ways of handling the crop and getting it to market in the best shape for the dealer to handle with the least loss to the producer.

The meetings are held on the first Saturday after the first day of each month. The association held an interesting session Saturday evening in the Knights of Pythias hall. Any firm or persons engaged in buying, packing, wholesaling, retailing or jobbing of leaf tobacco, is eligible to membership. The present members of the association are:

F. S. Bales, S. E. Heddes.

L. B. Carle, G. H. Burdill.

S. Grundy, Sanford Soverhill.

J. A. Ryan, E. C. Fisher.

J. M. Thayer, A. L. Fisher.

George M. Decker, John Sontman.

GOES INTO EFFECT THIS WEEK.

Cubans Pleased to See the Troops Withdrawing, Taking It to Mean That the United States Government Trusts the Islanders to Keep the Peace.

Havana, June 9.—The new charter of the City of Havana will go into effect immediately after its publication, which will be made this week. The powers of the recently elected officials are thereby greatly increased. The city will have control of all matters within its boundary, particularly the establishment and regulation of the city administration, the adoption of measures relating to the use, arrangement, and ornamentation of public ways, the comfort and health of the inhabitants, the promotion of their material and moral interests, and the security of their persons and property. The charter gives the new official authority as to the closing, opening, alignment, widening, grading, and cleaning of streets, squares, parks, and every class of public ways, their use by persons, animals, vehicles, etc., their occupation by pillars, rails, pipes, and other objects, and their paving, lighting, and sewerage. It also gives them charge of the supply and distribution of water to parkways, streets, bathing establishments, laundries, fountains, and troughs, and of the markets, slaughter-houses, institutions of instruction and charity, prisons, and the local reformatory.

Broad Powers Are Given.
The officials are also given supervision of the sanitary and hygienic service and of the amusements and public meetings, the use and maintenance of good order upon public ways. This covers such matters as the display of advertisements, the exhibition of flags on the street, hawking noises, the discharge of firearms and fireworks within the city boundary. Vagrancy, the suppression of vice and immorality, the regulation of rates for vehicles, the regulation of gas, water, the electricity, telephonic and telegraphic connections, the fire department, watchmen, private police, and the imposition of fines for the breaking of ordinances are also matters with which they are empowered to deal; but it is provided that the officials shall impose no fines in excess of \$50.

Right to Spend Income.
The municipal administration shall include the use, care, and preservation of lands, goods, and rights which are appurtenant to the city and the establishments dependent thereon, and the administration, distribution, collection, and expenditure of and accounting for all income and taxes necessary to carry on the municipal functions. The officials shall have power to grant franchises and concessions. In such matters as are not within their functions the city council and mayor must, within the limits of their power, assist the central government. Neither the central nor the provincial government shall have power to intervene in matters placed under the control of the city officials. This gives more complete power than was ever before given to a municipality in the island. The granting of a charter to Havana will doubtless be followed by the granting of charters to other cities as soon as the documents can be prepared.

Pleased to See Troops Go.
The orders for the removal of a large number of troops from Cuba recently issued have been gladly welcomed by the Cubans, and Gen. Wood is in receipt of many letters from various municipalities offering thanks for what they call his disposition to trust the Cubans, and declaring that the entire island is in a state of absolute tranquillity.

Loses His Life by Drowning.
Portage, Wis., July 9.—The body of Joseph Guepe of Fond du Lac was found floating in the lake at Briggsville. Guepe was married six weeks ago and was visiting his wife's family near Briggsville when he mysteriously disappeared. He was subject to heart disease, and it is supposed that he died from an attack of the trouble and fell from his boat into the lake while fishing, as the lungs contained little or no water.

WILL PAY BACK \$20,000,000.

Leading Items in the Filipino's Proposal for Peace.

Ottawa, Ont., July 9.—The agent here of the Filipinos has made public the following as terms proposed for ending the war in the Philippines:

"Hongkong, July 2.—We are ready to make peace with the United States and, in order to facilitate this end, we propose:

"1. That we will pay back to the United States the \$20,000,000 paid by them to Spain.

"2. That the most amicable and perpetual commercial relations shall exist between us for our mutual benefit and for the greater progress of our country.

"3. That we will grant to the United States whatever space is reasonably necessary for coaling stations outside of our established cities.

"4. That we will not allow monopolies of any kind in the island, and that we will give to American citizens all the guarantees and protection accorded to our own citizens for the security of life and property.

"5. That we are ready to entertain whatever terms the United States may desire for themselves so long as they do not infringe upon Filipinos' individual and political liberties or upon the integrity of Filipino nationality.

BRISK FIGHTING IN LUZON.

Eleven Americans Slain During the Week.

160 FILIPINOS ARE KILLED

In the Same Engagement—Eight American Prisoners and One Hundred Rifles Surrendered—Operations Suspended at Many Points.

Manila, July 9.—The past week's scouting in Luzon resulted in eleven Americans being killed and sixteen wounded. One hundred and sixty Filipinos were killed during the week, and eight Americans who have been prisoners in the hands of the rebels were surrendered, and a hundred rifles were turned over to the United States officials.

Wagon Train Ambushed.
The enemy ambushed a wagon train between Indang and Naic. The 3d infantry lost nine men while on an expedition to punish the Ladrone in the delta of the Rio Grande.

Disabled Seventy-Five Men.
In the Antigua province of Panay a running fight of three hours' duration resulted in the killing or wounding of seventy of the enemy. There were no casualties among the Americans.

Slowly Accepting Amnesty.
The insurgents are slowly accepting the amnesty provisions. In some instances the Americans are suspending operations in order to give the rebels an opportunity to take advantage of the decree.

PLANS OF GOLD DEMOCRATS.

Indications Are That the National Committee Will Decide for a Ticket.

Indianapolis, Ind., July 9.—The indication now is that the National Gold Democratic committee when it meets in this city on July 25, will decide that a national ticket shall be put in the field. Gen. Foster Peabody of New York is chairman of the committee, and John P. Frenzel of Indianapolis is secretary. The conference was called to meet after the Kansas City convention, with a view of taking action looking to a national ticket in case the Democrat convention adopt a 16 to 1 plank. Mr. Frenzel said he had held no communication with other members of the committee since the adoption of the Democratic platform, but as far as he was concerned the policy of the gold Democrats would be about the same as it was in 1896.

Quarantined for Smallpox.

Montreal, Que., July 9.—Despite the efforts of the health authorities, smallpox appears to be spreading in Montreal. There have been a number of new cases reported during the last few days. Today the London House, a well known hotel in this city, was quarantined by order of Dr. Laberge, medical health officer. There are between forty and fifty persons in the hotel, and strict instructions were at once given that none should be allowed to leave except such as consented to be vaccinated and fumigated. Among those detained in the house are a number of passengers from the west who are on their way to the Paris exposition and who intended to leave by the steamer Lake Champlain. The Royal Victoria Hospital also has been closed by order of the health authorities.

Dies of Shock When Caught.

Chattanooga, Tenn., July 9.—Post-office inspector Bass of this division notified the inspector in Chicago by telegram that he had completed an inspection of the postoffice at Gainesville, Fla., and found the postmaster, James Bell, short in his accounts to the amount of \$1,400. The shock of the discovery caused the death of the postmaster.

Dog Bites Off a Man's Nose.

Sheboygan, Wis., July 9.—John Zimmer, a workman connected with a dog and pony circus that showed at Sheboygan Falls, had his nose bitten off by a dog. The dog snapped off two-thirds of the organ and swallowed it. Zimmer is 27 years old.

Exports from North Germany.

Berlin, July 9.—The exports from the northern half of Germany for the fiscal year recently ended amounted to \$57,184,563, an increase of \$8,203,461, of which sum Hamburg has nearly \$6,000,000. The consul general at Dresden reports the exports as value at \$1,130,101, an increase of \$186,723.

Costly Fire at Sandusky, O.

Sandusky, O., July 9.—A spark from an adjoining foundry set fire to the Standard Wheel company's plant, which was totally destroyed. The loss is estimated at \$200,000; insurance, \$60,000. The fire deprives 250 men of employment.

Many Die of Heat.

Chicago, July 9.—The record for the last two days in Chicago shows seventeen deaths due to the heat and thirty-nine prostrations. In the slum districts the people slept on the sidewalks and in the alleys.

SORES and ULCERS

DRAIN THE SYSTEM, ENDANGER LIFE.

That old sore or ulcer, which has been a source of pain, worry and anxiety to you for five or ten years—maybe longer—doesn't heal because you are not using the proper treatment, but are trying to cure it with salves and washes. While these are soothing and relieve pain to some extent, no real, permanent good can come from their use, because the disease is in the blood and far beyond the reach of external applications.

A sore heals promptly when the blood is in good condition, but **never** if it is diseased. The tendency of these old sores and ulcers is to grow worse, spreading and eating deeper into the flesh. They are a constant drain upon the system, gradually but surely ruin the health and sap the very life. A person's capacity for work or pleasure is soon lost in the great desire and search for something to cure. S. S. S. makes a rapid and permanent cure of old sores and ulcers, and is the only medicine that does, because no other can reach deep-seated blood troubles. Ordinary Sarsaparilla and potash mixtures are too weak and watery to overcome a deadly poison that has taken possession of the blood. Do not waste valuable time experimenting with them.

A Gunshot Wound.
"Some years ago I was shot in the left leg, receiving what I considered only a slight wound. It developed into a running sore and gave me a great deal of pain. I was treated by many doctors, and took a number of blood remedies, but none did me any good. I had heard S. S. S. highly recommended, and concluded to give it a trial. The result was truly gratifying. S. S. S. seemed to get right at the trouble, and forced the poison out of my blood; soon afterwards the sore healed up and was cured sound and well. I now have perfect use of the leg, which was swollen and very stiff for a long time." J. H. McBRAYER, Lawrenceburg, Ky."

S. S. S. is the only purely vegetable blood purifier known; is made of roots and herbs of wonderful purifying properties, which no poison can resist. S. S. S. quickly and effectually clears the blood of all morbid, unhealthy humors, and the old, troublesome sore heals. At the same time the general health is invigorated and built up. When a little scratch or hurt fails to heal readily, you may be sure your blood is bad. S. S. S. will soon put it in order and keep it so.

Our Medical Department is in charge of experienced physicians, who have made blood diseases a life study. If you will write them about your case, they will gladly furnish all information or advice wanted, without any charge whatever. Address SWIFT SPECIFIC CO., ATLANTA, GA.

ALLIES KILL 1,000 CHINESE

In a Great Battle North of Tien-Tsin.

CITY IS STILL HARD PRESSED.

Alternating Doubts and Hopes Concerning the Legations—Allies to Have 50,000 Men—Che-Foo Under Chinese Guns—Foreign Women Amid Shells.

London, July 9.—Correspondents at Shanghai say that the combined force of Russians and Japanese have left Tien-Tsin, following the railway as far as Lang-Fang, and have swept thence swiftly to the west, attacking the Chinese eighteen miles north of Tien-Tsin and killing 1,000 of them.

The Shanghai correspondent of the Standard says reports from Tien-Tsin from Chinese sources, tell of a great battle that has taken place in which the Chinese lost heavily.

The allies at Tien-Tsin are short of provisions and suffer considerably from "sniping."

Doubts Concerning Legations.

London, July 9.—The foreign consuls at Shanghai met July 7 and officially announced that the legation at Peking was safe July 4. The foregoing statement, read with Consul Warren's dispatch to the foreign office Saturday, made it possible to believe that the legations would hold out for a number of days yet. Having fought to a standstill the first outbursts of fanatical fury, it was believed that something might intervene to save them. The Shanghai correspondent of the Express telegraphing on Saturday at 5:10 p. m., however, throws doubt upon Consul Warren's information. He says: "Tao-tai Sheng now admits that there was an error in his communication to General Warren. The date of the courier's arrival at Chinen-Fu was July 3, which does not apply to his departure from Peking. The journey from Peking to Chinen-Fu occupies five days. The courier, therefore, could not have left Peking later than June 28. The date of the massacre there, as given by Chinese reports, was June 30 or July 1."

Tien-Tsin Still Hard Pressed.

Tien-Tsin is still hard pressed. A Chinese force numbering from 80,000 to 100,000 men, as estimated by inconclusive reconnaissances, floods the country roundabout Tien-Tsin, communication between which place and Taku is apparently possible by river only. A dispatch from Tien-Tsin, dated July 3, says: "Since early morning the Chinese have heavily bombarded the settlements. Admiral Seymour has ordered the women and children conveyed to Taku at the earliest possible moment." A Berlin dispatch, dated yesterday, says: "A dispatch from Tien-Tsin says the Russians unsuccessfully bombarded the native town July 2. The strength of the allied troops is about 110,000. There is no fresh news regarding the situation in Peking." A Che-Foo dispatch to the Express says the Russians have landed 8,000 men at Taku and the Japanese have discharged several transports. The Japanese pushed on to Tien-Tsin, leading in the subsequent assault upon the native city, in which their commander was killed.

Allies to Have 50,000 Men.

Ten more transports are engaged at Japanese ports. With the 10,000 British India troops afloat and fresh Japanese contingents the allies probably will have 50,000 men ashore soon. The disorders in the provinces appear to be increasing in violence. A Chinese army is within forty miles of New-Chwang and the foreigners are preparing to abandon their homes. The southern part of the province is swept by raiders, destroying all works of the white man except in spots garrisoned by Russians. Proclamations have been posted in all villages near Che-Foo calling upon the loyal Chinese to rise and expel the foreigner for introducing among the pious Chinese an immoral religion. Every good Buddhist is expected to kneel three hours daily, knock his head upon the floor three and pray earnestly that sudden, cruel death may overtake all aliens.

Women Walk Amid Shells.

Refugees from Tien-Tsin arriving at Shanghai say that only five civilian foreigners were killed during the long Chinese bombardment. The foreign women become so indifferent that they walked through the streets, not heeding the shells. Most of the civilians were deported to Taku, thence to be conveyed to Shanghai.

Japan to Have 22,000 Men.

A full corps of men is to be dispatched, which will bring Japan's army footing in China up to about 22,000 men. The part of the army to be sent is known as the Fifty army corps, and thirty-five ships, each of more than 3,500 tons, are to be used in the transportation.

Che-Foo Under Chinese Guns.

The foreign settlement at Che-Foo is at the mercy of two Chinese forts equipped with Krupp guns which command two sides of the city. Six warships, including the United States gunboat Nashville, are constantly cleared for action. The provisional government at Peking appears to have designs upon the southern provinces. Beside having ordered Kwan Shikai to advance upon Nankin, which Kwan Shikai says he will not do, Prince Tuan has sent an army along the route of the grand canal. Nankin is on the south bank of a river nearly a mile wide. The British cruisers, Hermione and Pique, will assist in repelling attempts
